Sending a new message

To begin sending a new message you will need to click the Green New message button

Next you will have to select your child/children, Once selected click the next step button.

Here is where you pick the recipient of your message. As you can see in the example below it is broken down into Teachers and Form Tutors.

Depending on whom you want to send to, you can pick from the relevant boxes. Currently however the default op on is to pre select all the teachers, you can see this below as each teacher has a green tick beside. This **means if you send a message now, it would go to all the selected teachers**. To deselect specific teachers just click on the green tick.

The below box is what you should now see, here is where you fill in the Message Subject Box and the main message box with the information you wish to send in. You can also click the paper clip to attach a file if needed. Once that is all filled out you can click the send button.
